Empathize & Discover

Project title: Estimate the crop yield using Data analytics

Mentor Name: Sowmia K R

Industry Mentor Name: Srikanth, Mohammed Azhar Uddin

Team ID: PNT2022TMID02564

Team Members:

1. Anuraagavi MR(TeamLeader)
2. Aditya Venkatesh
3. Haripriya k
4. Harinivas M

Empathy Map Canvas:

An empathy map is a simple, easy-to-digest visual that captures knowledge about a user's behaviors and attitudes.

It is a useful tool to help teams well understand their users. Creating an effective solution requires understanding the true problem and the person who is experiencing it. The exercise of creating the map helps participants consider things from the user's perspective along with his or her goals and challenges.
